

Environmental Policy

Worldspan plc is a full service communications agency, which provides communication solutions to its corporate client base, including the management of conferences, incentive travel programmes and other corporate events; communication and engagement programmes; and creative and digital solutions.

The senior management of Worldspan Plc is committed to its environmental responsibilities and has established a structured Environmental Management System, which sets objectives and targets to improve our performance. Our main objectives for improvement include:

1. Reduction of energy consumption
2. Reduction of CO2 emissions
3. Reduction and recycling of solid waste

Sustainable Development Policy.

Worldspan is committed to promoting sustainability. Concern for the environment and promoting a broader sustainability agenda are integral to Worldspan's professional activities and the management of the organisation. We aim to follow and to promote good sustainability practice to reduce the environmental impacts of all our activities, and to help our associated partners to do the same.

Principles

Our Sustainable Development Policy is based on the following principles:

- To comply with, and exceed where practicable, all applicable legislation, regulations and codes of practice.
- To integrate sustainability considerations into all our events and business decisions.
- To ensure that staff are fully aware of our Sustainability Development Policy and are committed to implementing and improving it.
- To minimise the impact on sustainability of all office and event activities.
- To ensure that all our associated partners are aware of our Sustainability Policy and encourage them to develop sustainable management practices.
- To review on a regular basis and continually strive to improve our sustainability performance.
